JAAPA

1999 ANNUAL INDEX

Subject Index

A

Acarbose
Managing type 2 diabetes: A look at the newer agents, Jun: 47-58

Acne
Acne therapy: An expanding arsenal offers relief and cosmesis, Dec: 25-36

Acupuncture
Exploring complementary therapies in conventional practice, Mar: 19-72

Alcohol abuse
Alcohol addiction: Identifying the patient who drinks, May: 25-42
Alcohol addiction: Intervention strategies that work, May: 45-56

Allergy, latex
Heighten your response to latex allergy, Aug: 53-65

Alternative medicine. *See* complementary and alternative medicine.

American Academy of Physician Assistants
Good value makes for good sailing (E), Jul: 6-13
Label it "Big and juicy": A week in Atlanta, Jul: 26-67
The task before us: Raising demand for PA services (E), Nov: 6-9

Analgesia
Sedating pediatric patients safely, Nov: 55-67

Angina
The heart has reasons that reason knows not (E), Oct: 6-10
Keeping cardiovascular disease in check with calcium channel blockers, Jan: 53-68

Ankle trauma
Ankle injury guidelines for your practice, Aug: 68-72

Annual physician assistant conference
Label it "Big and juicy": A week in Atlanta, Jul: 26-67

Antibiotics
An appeal to clinicians: Don't rush to prescribe antibiotics for acute URI, Aug: 37-72

Anxiety
Panic disorder: Workup, management, and referral, Feb: 62-77

Aortic insufficiency
Valvular heart disease, Oct: 64-76

Arrhythmia
Atrial fibrillation: Controlling the most common arrhythmia, Oct: 36-51
Keeping cardiovascular disease in check with calcium channel blockers, Jan: 53-68

Arthritis
The lure of unconventional therapy for rheumatic disease, Nov: 69-84

Arthropathy. *See* Charcot's foot arthropathy.

Asthma
An appeal to clinicians: Don't rush to prescribe antibiotics for acute URI, Aug: 37-72

Athletics
Brain injuries in athletes, Dec: 40-57

Atrial fibrillation
Atrial fibrillation: Controlling the most common arrhythmia, Oct: 36-51

B

Barotrauma. *See* middle-ear barotrauma.

Biopsy, sentinel node
The utility of sentinel node biopsy in managing melanoma (D), Dec: 14-19

Blood pressure medicine
Making an accurate diagnosis of hypertension, Oct: 78-87

Bone mineral density
New ways to manage the old problem of osteoporosis, Sep: 42-52

Bronchitis
An appeal to clinicians: Don't rush to prescribe antibiotics for acute URI, Aug: 37-72

C

CABG. *See* coronary artery bypass graft.

Calcipotriene
New topicals for mild and moderate psoriasis, Apr: 52-60

Calcium channel blockers
Calcium channel blockers for migraine prophylaxis (PC), Sep: 19-20
Keeping cardiovascular disease in check with calcium channel blockers, Jan: 53-68

Cancer
The utility of sentinel node biopsy in managing melanoma (D), Dec: 14-19

Candidal infection
Diagnosing vaginitis with a wet preparation (P), Sep: 73-79

Cardiothoracic surgery
Paresthesia in left hand after bypass graft surgery (SC), Oct: 16-19
Valvular heart disease, Oct: 64-76

Cardiovascular disease
Keeping cardiovascular disease in check with calcium channel blockers, Jan: 53-68
Sternal "click" after CABG surgery, Feb: 83-86

Cardiovascular medicine
Acute myocardial infarction: The diagnosis of utmost importance, Oct: 53-76
Atrial fibrillation: Controlling the most common arrhythmia, Oct: 36-51
The heart has reasons that reason knows not (E), Oct: 6-10
Making an accurate diagnosis of hypertension, Oct: 78-87
Paresthesia in left hand after bypass graft surgery (SC), Oct: 16-19
Valvular heart disease, Oct: 64-76

Cardioversion
Atrial fibrillation: Controlling the most common arrhythmia, Oct: 36-51

Charcot's foot arthropathy
Charcot's foot: Often overlooked complication of diabetes, Jun: 62-68

Chronic obstructive pulmonary disease
An appeal to clinicians: Don't rush to prescribe antibiotics for acute URI, Aug: 37-72

Common cold
An appeal to clinicians: Don't rush to prescribe antibiotics for acute URI, Aug: 37-72

Competency evaluation
Is your patient competent to make medical decisions? Mar: 45-52
What comes naturally: Assessing competence (E), Mar: 6-9

Complementary and alternative medicine
Exploring complementary therapies in conventional practice, Mar: 19-72
The lure of unconventional therapy for rheumatic disease, Nov: 69-84

Computers
e-merging technology and the care you provide (E), Aug: 6-9

Congestive heart failure
A CHF clinic: How aggressive outpatient care can offset hospitalization, Oct: 24-35
Making an accurate diagnosis of hypertension, Oct: 78-87

Coronary artery bypass graft
Paresthesia in left hand after bypass graft surgery, Oct: 16-19
Sternal "click" after CABG surgery (SC), Feb: 83-86

D

Decompression sickness
The increasingly common problem of middle-ear barotrauma, Aug: 16-34

Deep-brain stimulation
Tailoring treatment for the Parkinson's disease patient, Mar: 54-71

Dermatitis, perioral papular
Acne therapy: An expanding arsenal offers relief and cosmesis, Dec: 25-36

Dermatology
Acne therapy: An expanding arsenal offers relief and cosmesis, Dec: 25-36
Hyperpigmented lesions in an 18-year-old woman (D), Aug: 75-77
The joy of travel (N), May: 95-96
New topicals for mild and moderate psoriasis, Apr: 52-60
Rely on biopsy when skin characteristics overlap (D), Jun: 16-19
This child has ringworm—or does he? (D), Apr: 48-52
The utility of sentinel node biopsy in managing melanoma (D), Dec: 14-19
Warts and children: Can they be separated? Dec: 63-76

Diabetes
Charcot's foot: Often overlooked complication of diabetes, Jun: 62-68
Helping patients meet the challenge: Diabetes self-management, Jan: 43-51
Managing type 2 diabetes: A look at the newer agents, Jun: 47-58
Reader questions diabetes testing recommendation (L), Jul: 20

Diagnostic imaging
The collapsed orbit: Imaging clues to silent sinus syndrome (DX), Jul: 56-75

Digoxin
Loading digoxin in the elderly (PC), Oct: 93-94

Discrimination, workplace
The Secret of a career (N), Nov: 95-98

Diving injury
The increasingly common problem of middle-ear barotrauma, Aug: 16-34

Drop-in clinic
One PA's experience: Overturning expectations and assumptions when caring for the homeless, Apr: 46-47

E

Electrocardiography
Acute myocardial infarction: The diagno-

LEGEND: (B) Book Review (D) Dermatology Digest (DX) Diagnostic Imaging Review (E) Editorial (L) Letters (N) Notes from the Northwest (PC) Pharmacology Consult (PF) Procedures in Family Practice (R) In Retrospect (SB) Sounding Board (SC) Specialty Consult (SR) Special Report

sis of utmost importance, Oct: 53-76
Atrial fibrillation: Controlling the most common arrhythmia, Oct: 36-51

Emergency medicine
Ankle injury guidelines for your practice, Aug: 68-72
Managing violence in the emergency department (and other settings), Sep: 54-67
Rely on biopsy when skin characteristics overlap (D), Jun: 16-19
Sedating pediatric patients safely, Nov: 55-67

Endocrinology
Managing type 2 diabetes: A look at the newer agents, Jun: 47-58

Endoscopy
Rely on biopsy when skin characteristics overlap (D), Jun: 16-19

Enophthalmos
The collapsed orbit: Imaging clues to silent sinus syndrome (DX), Jul: 56-75

Esophagoscopy
Rely on biopsy when skin characteristics overlap (D), Jun: 16-19

Ethics
Is your patient competent to make medical decisions? Mar: 45-52

Evidence-based medicine
What *is* evidence-based medicine? (B), Aug: 12

Exercise
Exertional rhabdomyolysis: Potentially life-threatening consequence of intense exercise, Jul: 46-55
New ways to manage the old problem of osteoporosis, Sep: 42-52
Obesity: Treating an American epidemic, Sep: 23-39

F

Fibromyalgia
The lure of unconventional therapy for rheumatic disease, Nov: 69-84

Foreign bodies, ingested or inhaled
Foreign bodies ingested and inhaled, Jun: 22-46

Foreign medical graduates
FMGs are not PAs: So why does the fight continue? (L), May: 18

G

Geriatric medicine
Making an accurate diagnosis of hypertension, Oct: 78-87

Glucose testing, home
Helping patients meet the challenge: Diabetes self-management, Jan: 43-51

Government regulation
Chasing profits and leaving the elderly behind (E), Feb: 6-9

H

Headache
Calcium channel blockers for migraine prophylaxis (PC), Sep: 19-20
To break to the cycle of menstrual migraine, Feb: 44-58

Head injury
Brain injuries in athletes, Dec: 40-57
Managing minor closed head injury in children (SR), Dec: 37-39

Health care workforce
Clinical activities of Iowa family practice PAs, Apr: 63-77
Does this country still need PAs? (E), Apr: 6-10

Heart failure
Keeping cardiovascular disease in check with calcium channel blockers, Jan: 53-68

Herbal medicine
The lure of unconventional therapy for rheumatic disease, Nov: 69-84

Histoplasmosis
The regionally endemic scourge of histoplasmosis, Sep: 35-39

Homelessness
The burden of comorbidity among the homeless at a drop-in clinic, Apr: 32-45
One PA's experience: Overturning expectations and assumptions when caring for the homeless, Apr: 46-47

Humanitarian medicine
In Kosovo, making a difference (R), Dec: 77-78
In the spring of this year, inhumanity blooms (E), Jun: 6-10

Hydatidiform mole
Vaginal bleeding during adolescent pregnancy (DX), Mar: 15-16

Hypertension
Keeping cardiovascular disease in check with calcium channel blockers, Jan: 53-68
Making an accurate diagnosis of hypertension, Oct: 78-87

Hypertension, white-coat
Making an accurate diagnosis of hypertension, Oct: 78-87

I

Ichthyosis vulgaris
Hyperpigmented lesions in an 18-year-old woman (D), Aug: 75-77

Imaging studies
Ankle injury guidelines for your practice, Aug: 68-72
Vaginal bleeding during adolescent pregnancy (DX), Mar: 15-16

Immigrant health care
Preventive care and other issues among minority and immigrant patients, Apr: 78-86

Immunization. *See* vaccination.

Immunodeficiency
Warts and children: Can they be separated? Dec: 63-76

Infant mortality
Income levels may affect statistics on racial disparity in infant mortality (L), Aug: 82
Racial disparity in infant mortality (SB), Apr: 21-27

Infectious disease
An appeal to clinicians: Don't rush to prescribe antibiotics for acute URI, Aug: 37-72
Diagnosing vaginitis with a wet preparation (P), Sep: 73-79
Preparing for the next influenza outbreak—or (inevitably) pandemic, Nov: 28-40
The regionally endemic scourge of histoplasmosis, Sep: 35-39
Revised guidelines for preventing poliomyelitis (SR), Nov: 24-27

Influenza
Preparing for the next influenza outbreak—or (inevitably) pandemic, Nov: 28-40

Insurance, universal health
We must reopen the debate on universal health insurance (SB), Apr: 95-99

Ischemic heart disease
The heart has reasons that reason knows not (E), Oct: 6-10

J

Joint National Committee (JNC VI)
Making an accurate diagnosis of hypertension, Oct: 78-87

Journal Club
Jan: 12; Feb: 10; Mar: 10; Apr: 17; May: 12; Jun: 13; Jul: 16; Aug: 10; Sep: 12; Oct: 12; Nov: 12; Dec: 86

Journal of the American Academy of Physician Assistants
Our mission as a millennium winds down (E), Jan: 6-9

K

Keratosis pilaris
Hyperpigmented lesions in an 18-year-old woman (D), Aug: 75-77

L

Laboratory medicine
Acute myocardial infarction: The diagnosis of utmost importance, Oct: 53-76

Leishmaniasis
The joy of travel (N), May: 95-96

Levodopa
Tailoring treatment for the Parkinson's disease patient, Mar: 54-71

Lupus. *See* systemic lupus erythematosus.

Lyme disease. *See* vaccination.

Lymphoma, cutaneous T-cell
Rely on biopsy when skin characteristics overlap (D), Jun: 16-19

M

Managed care
Chasing profits and leaving the elderly behind (E), Feb: 6-9
Helping patients meet the challenge: Diabetes self-management, Jan: 43-51
Understanding the function of performance profiles in health care (SB), Sep: 80-84

Manometer
Making an accurate diagnosis of hypertension, Oct: 78-87

Medical care of the underserved
The burden of comorbidity among the homeless at a drop-in clinic, Apr: 32-45
Commentary: View from the edges of health care (E), Apr: 10-12
Does this country still need PAs? (E), Apr: 6-10
One PA's experience: Overturning expectations and assumptions when caring for the homeless, Apr: 46-47
Preventive care and other issues among minority and immigrant patients, Apr: 78-86
Racial disparity in infant mortality (SB), Apr: 21-27
Rural health clinics program: Change on the horizon (SB), May: 21-22
The task before us: Raising demand for PA services (E), Nov: 6-9
This child has ringworm—or does he? (D), Apr: 48-52
We must reopen the debate on universal health insurance (SB), Apr: 95-99

Medical ethics
Chasing profits and leaving the elderly behind (E), Feb: 6-9

Melanoma, malignant
The utility of sentinel node biopsy in managing melanoma (D), Dec: 14-19

Mental illness
The burden of comorbidity among the homeless at a drop-in clinic, Apr: 32-45

Metformin hydrochloride
Managing type 2 diabetes: A look at the newer agents, Jun: 47-58

Middle-ear barotrauma
The increasingly common problem of middle-ear barotrauma, Aug: 16-34

Migraine
Calcium channel blockers for migraine prophylaxis (PC), Sep: 19-20
To break to the cycle of menstrual migraine, Feb: 44-58

Minority health care
Preventive care and other issues among minority and immigrant patients, Apr: 78-86

Minority issues
The Secret of a career (N), Nov: 95-98

Mitral regurgitation
Valvular heart disease: Astute evaluation to surgical success, Oct: 64-76

Multicultural medicine
Preventive care and other issues among minority and immigrant patients, Apr: 78-86

Musculoskeletal medicine
Charcot's foot: Often overlooked complication of diabetes, Jun: 62-68
Exertional rhabdomyolysis: Potentially life-threatening consequence of intense exercise, Jul: 46-55
Making the physical therapy referral, Feb: 18-43

Mycosis fungoides
Rely on biopsy when skin characteristics overlap (D), Jun: 16-19

Myocardial infarction
Acute myocardial infarction: The diagnosis of utmost importance, Oct: 53-76

N

Neonatology
Racial disparity in infant mortality (SB), Apr: 21-27

Neurology
Brain injuries in athletes, Dec: 40-57
Managing minor closed head injury in children (SR), Dec: 37-39
More relief for patients in pain? (L), May: 18
Tailoring treatment for the Parkinson's

disease patient, Mar: 54-71
To break to the cycle of menstrual migraine, Feb: 44-58

Neuropathy
Charcot's foot: Often overlooked complication of diabetes, Jun: 62-68

O

Obesity
Obesity: Treating an American epidemic, Sep: 23-39

Occupational disease
Heighten your response to latex allergy, Aug: 53-65

Occupational medicine
Making the physical therapy referral, Feb: 18-43

Oral contraceptives
To break to the cycle of menstrual migraine, Feb: 44-58

Orthopedics
Ankle injury guidelines for your practice, Aug: 68-72
Making the physical therapy referral, Feb: 18-43

Osteoporosis
New ways to manage the old problem of osteoporosis, Sep: 42-52

Otitis media
An appeal to clinicians: Don't rush to prescribe antibiotics for acute URI, Aug: 37-72

Ottawa ankle rules
Ankle injury guidelines for your practice, Aug: 68-72

Outpatient care
A CHF clinic: How aggressive outpatient care can offset hospitalization, Oct: 24-35

P

Pain management
More relief for patients in pain? (L), May: 18

PA education
Clinical activities of Iowa family practice PAs, Apr: 63-77
Does a proposal for a PA master's degree put the horse behind the cart? (L), Dec: 20
Does this country still need PAs? (E), Apr: 6-10
Getting started, or: How to create your own job (SB), Aug: 79-80
A proposal for master's-level competencies in PA education (E), May: 6-9
Troubled about recertification exam (L), Aug: 81
Writing to be published: Why and how (and when) (SB), Mar: 92-96

Pallidotomy
Tailoring treatment for the Parkinson's disease patient, Mar: 54-71

Panic disorder
Panic disorder: Workup, management, and referral, Feb: 62-77

Papillomavirus. *See* warts.

PA practice
Advocating for children (L), Aug: 81
Are some pharmaceutical companies snubbing PAs? (L), Dec: 22
Building a better resumé to market yourself (B), May: 91
Change of title: Officially back-burnered but still simmering for some (L), Jul: 20
Chasing profits and leaving the elderly behind (E), Feb: 6-9
Clinical activities of Iowa family practice PAs, Apr: 63-77
Commentary: View from the edges of health care (E), Apr: 10-12
Does this country still need PAs? (E), Apr: 6-10
Do PAs in clinical practice find their work satisfying? Nov: 43-50
e-merging technology and the care you provide (E), Aug: 6-9
Gathering many topics and voices to explore primary care (B), Feb: 16
Getting started, or: How to create your own job, (SB), Aug: 79-80
The heart has reasons that reason knows not (E), Oct: 6-10
Heighten your response to latex allergy, Aug: 53-65
In Kosovo, making a difference (R) Dec: 77-78
In the spring of this year, inhumanity blooms (E), Jun: 6-10
Label it "Big and juicy": A week in Atlanta, Jul: 26-67
PAs, specialists in team medicine (E), Sep: 6
Reflections on a change of career (R), Feb: 79-80
Regulation, reimbursement, and PA practice today, Jan: 17-40
The Secrct of a career (N), Nov: 95-98
The task before us: Raising demand for PA services (E), Nov: 6-9
Tired already of the new millennium (E), Dec: 9-11
Treating serious mental illness in rural practice, Jun: 71-79
Troubled about recertification exam (L), Aug: 81
Understanding the function of performance profiles in health care (SB), Sep: 80-84
Unscrupulous practices make PAs vulnerable, Jul: 25
What *is* evidence-based medicine? (B), Aug: 12
What's the best career advice you've ever received? (SB), Jan: 73-74
Writing to be published: Why and how (and when) (SB), Mar: 92-96
You're fired (N), Jul: 79-80

PA profession
Change of title: Officially back-burnered but still simmering for some (L), Jul: 20
Does this country still need PAs? (E), Apr: 6-10
Do PAs in clinical practice find their work satisfying?, Nov: 43-50
FMGs are not PAs: So why does the fight continue? (L), May: 18
Good value makes for good sailing (E), Jul: 6-13
Label it "Big and juicy": A week in Atlanta, Jul: 26-67
Our mission as a millennium winds down (E), Jan: 6-9
PAs, specialists in team medicine (E), Sep: 6
A proposal for master's-level competencies in PA education (E), May: 6-9
Regulation, reimbursement, and PA practice today, Jan: 17-40
The task before us: Raising demand for PA services (E), Nov: 6-9
Two sides make their case: Replace the "assistant" in "physician assistant"?, May: 63-101
Unscrupulous practices make PAs vulnerable, Jul: 25
What's the best career advice you've ever received? (SB), Jan: 73-74

Paresthesia
Paresthesia in left hand after bypass graft surgery, Oct: 16-19

Parkinson's disease
Tailoring treatment for the Parkinson's disease patient, Mar: 54-71

Patient communication
e-merging technology and the care you provide (E), Aug: 6-9

Patient education
Helping patients meet the challenge: Diabetes self-management, Jan: 43-51
Obesity: Treating an American epidemic, Sep: 23-39

Patient provider communication
An approach to parents who oppose childhood vaccination, May: 75-88
Is your patient competent to make medical decisions?, Mar: 45-52
What comes naturally: Assessing competence (E), Mar: 6-9

PA Watch
Jan: 86; Mar: 79; Apr: 104; May: 109; Jun: 86; Jul: 81; Aug: 85; Sep: 91; Oct: 96; Dec: 78

Pediatrics
Advocating for children (L), Aug: 81
Brain injuries in athletes, Dec: 40-57
Immunization schedules for children and adults (SR), Mar: 35-85
Income levels may affect statistics on racial disparity in infant mortality (L), Aug: 82
Managing minor closed head injury in children (SR), Dec: 37-39
Racial disparity in infant mortality (SB), Apr: 21-27
Revised guidelines for preventing poliomyelitis (SR), Nov: 24-27
Sedating pediatric patients safely, Nov: 55-67
Warts and children: Can they be separated?, Dec: 63-76

Performance profiles
Understanding the function of performance profiles in health care (SB), Sep: 80-84

Physical therapy
Making the physical therapy referral, Feb: 18-43

Poliomyelitis
Revised guidelines for preventing poliomyelitis (SR), Nov: 24-27

Polypectomy, cervical
Performing cervical polypectomy, Jun: 81-82

Pregnancy
Vaginal bleeding during adolescent pregnancy (DX), Mar: 15-16

Prenatal care
Racial disparity in infant mortality (SB), Apr: 21-27

Preventive medicine
Preventive care and other issues among minority and immigrant patients, Apr: 78-86

Primary care medicine
Gathering many topics and voices to explore primary care (B), Feb: 16

Psoriasis vulgaris
New topicals for mild and moderate psoriasis, Apr: 52-60
This child has ringworm—or does he? (D), Apr: 48-52

Psychiatric medicine
Don't be afraid to ask: Confronting your patient's sexual problems, Jul: 56-67
Is your patient competent to make medical decisions?, Mar: 45-52
Managing violence in the emergency department (and other settings), Sep: 54-67
Panic disorder: Workup, management, and referral, Feb: 62-77
Taking a thorough sexual history (L), Dec: 22
Treating serious mental illness in rural practice, Jun: 71-79
What comes naturally: Assessing competence (E), Mar: 6-9

Public health
Preparing for the next influenza outbreak—or (inevitably) pandemic, Nov: 28-40

Pulmonary disease
The regionally endemic scourge of histoplasmosis, Sep: 35-39

Q

Quality assurance
Understanding the function of performance profiles in health care (SB), Sep: 80-84

R

Radial artery graft
Paresthesia in left hand after bypass graft surgery, Oct: 16-19

Regulation, state
Regulation, reimbursement, and PA practice today, Jan: 17-40

Reimbursement
Regulation, reimbursement, and PA practice today, Jan: 17-40

Religious beliefs in healing, role of
The lure of unconventional therapy for rheumatic disease, Nov: 69-84

Repaglinide
Managing type 2 diabetes: A look at the newer agents, Jun: 47-58

Resistence, microbial
An appeal to clinicians: Don't rush to prescribe antibiotics for acute URI, Aug: 37-72

Restraint, patient
Managing violence in the emergency department (and other settings), Sep: 54-67

Rhabdomyolysis
Exertional rhabdomyolysis: Potentially life-threatening consequence of intense exercise, Jul: 46-55

Rheumatology
The lure of unconventional therapy for rheumatic disease, Nov: 69-84

Rural health care
Clinical activities of Iowa family practice PAs, Apr: 63-77
The regionally endemic scourge of histo-

plasmosis, Sep: 35-39
Rural health clinics program: Change on the horizon (SB), May: 21-22
Treating serious mental illness in rural practice, Jun: 71-79

S

Sedation
Sedating pediatric patients safely, Nov: 55-67
Selegiline hydrochloride
Tailoring treatment for the Parkinson's disease patient, Mar: 54-71
Sexual dysfunction
Don't be afraid to ask: Confronting your patient's sexual problems, Jul: 56-67
Taking a thorough sexual history (L), Dec: 22
Silent sinus syndrome
The collapsed orbit: Imaging clues to silent sinus syndrome (DX), Jul: 56-75
Sinusitis
An appeal to clinicians: Don't rush to prescribe antibiotics for acute URI, Aug: 37-72
Stenosis
Valvular heart disease: Astute evaluation to surgical success, Oct: 64-76
Substance abuse
Alcohol addiction: Identifying the patient who drinks, May: 25-42
Alcohol addiction: Intervention strategies that work, May: 45-56
The burden of comorbidity among the homeless at a drop-in clinic, Apr: 32-45
Systemic lupus erythematosus
The lure of unconventiona. apy for rheumatic disease, Nov: 69-84

T

Tazarotene
New topicals for mild and moderate psoriasis, Apr: 52-60
Technology
e-merging technology and the care you provide (E), Aug: 6-9
Trauma care
Charcot's foot: Often overlooked complication of diabetes, Jun: 62-68
Brain injuries in athletes, Dec: 40-57
Managing minor closed head injury in children (SR), Dec: 37-39
Trauma medicine
Ankle injury guidelines for your practice, Aug: 68-72
Brain injuries in athletes, Dec: 40-57
Managing minor closed head injury in children (SR), Dec: 37-39
Troglitazone
Managing type 2 diabetes: A look at the newer agents, Jun: 47-58
Tropical medicine
The joy of travel (N), May: 95-96
Troponins, cardiac
Acute myocardial infarction: The diagnosis of utmost importance, Oct: 53-76

U

Unconventional therapy. *See* complementary and alternative medicine.
Upper respiratory infection
An appeal to clinicians: Don't rush to prescribe antibiotics for acute URI, Aug: 37-72

V

Vaccination
An approach to parents who oppose childhood vaccination, May: 75-88
Immunization schedules for children and adults (SR), Mar: 35-85
Preparing for the next influenza outbreak—or (inevitably) pandemic, Nov: 28-40
Revised guidelines for preventing poliomyelitis (SR), Nov: 24-27
Vaginitis
Diagnosing vaginitis with a wet preparation (P), Sep: 73-79
Vaginosis
Diagnosing vaginitis with a wet preparation (P), Sep: 73-79
Valvular heart disease
Valvular heart disease: Astute evaluation to surgical success, Oct: 64-76
Vitamins
The lure of unconventional therapy for rheumatic disease, Nov: 69-84

W

Warts
Warts and children: Can they be separated?, Dec: 63-76
Weight management
Obesity: Treating an American epidemic, Sep: 23-39
Wet Preparation
Diagnosing vaginitis with a wet preparation (P), Sep: 73-79
Women's health
New ways to manage the old problem of osteoporosis, Sep: 42-52
Performing cervical polypectomy, Jun: 81-82
Vaginal bleeding during adolescent pregnancy (DX), Mar: 15-16
Workplace violence
Managing violence in the emergency department (and other settings), Sep: 54-67
Writing, medical
Writing to be published: Why and how (and when) (SB), Mar: 92-96
